

JADA

Jada is a modular urban furniture system which allows easy creation of complete sitting areas. You can shape endless combinations to hem city squares, playgrounds, meandering walkways or to fill a plaza with suprising configurations.

Backrests can be placed next to each other or facing each other allowing to create lying areas and separate slots for more privacy. Tables can be set in cozy private slots or can be organized around seatings to promote togetherness and create social gathering areas.

Design by Pent Talvet

Jada - modular bench

FEATURES

The modular solution allows you to combine endless solutions.

Fast installation of backrests and tables.

Easily replaceable wooden parts.

Hot-dip galvanized and powder-coated steel parts have the best corrosion resistance and aesthetics.

There are no visible fasteners on the surfaces.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

INSTALLING

Free-standing on a firm base

Anchored to a firm foundation

Material marking in product code:

a- thermo-treated ash

u- larch

t- tropical wood

tn- tropical wood, natural

*The use of the legend in the example of Jada D370 with thermo-treated ash: **Jada D370-a***

METAL

Construction available in hot-dip galvanized metal. The hot-dip galvanizing is done according to ISO 1461:2009 standard.
