

SUME

Sume different legs are definitely something that brings some color and shape to the urban space. But what really makes you dance is the soft and flexible seat of Sume. Placed together, Sume forms a socially entertaining atmosphere, a little corner on the street that attracts invitingly in the middle of everyday's gray and harsh rigidity.

Design by Kaspar Torn

Sume

FEATURES

The movable seat offers more active sitting.

Playful and rich in emotions.

The presence of different style legs allows you to create either different bunches in one style or playful sets of different legs.

Individual seats can be placed flexibly and playfully.

No visible fixing materials on the top surfaces of the wooden parts to ensure a pleasing look and feel of the products.

Extery quality without compromise- harmonious design, carefully selected materials and engineering considered to the last detail.

EXTERY

WOOD
